

ENVIRONMENTAL POLICY

Provista IP Communications is a network-focussed professional services organisation. We engage at any point within the network lifecycle, be it Consultancy, Design, Installation & Commissioning, Operational Support or Optimisation phases. Provista provide expertise across a range technologies and manufacturers including Cisco, Extreme (Avaya) and other leading vendors.

Provista shall deliver its services in accordance with the ISO 14001:2015 standard for environmental management systems in a responsible manner, reducing its impact of its operations on the environment, where possible. This commitment covers all aspects of the company's operations.

To achieve these aims and to demonstrate continual improvement, Provista will routinely identify, monitor and address its' environmental impacts by setting and meeting the following objectives:

- Fully identifying and complying with relevant legal and other requirements, implementing industry best practice where possible.
- Developing, revising and improving, where practical, processes and procedures to ensure environmental risks are reduced and best practice is adopted.
- Fostering the commitment of all management and staff towards improving the environmental performance of the business.
- Encouraging the adoption of similar environmental standards from all stakeholders involved in our business.
- Ensuring staff are kept abreast of current environmental issues and initiatives through training and regular communications.
- Reducing, reusing and recycling materials and resources where possible
- Seeking to prevent pollution through effective control of emissions to air, water and land, waste management, raw materials and natural resources.

Provista will ensure all aspects of the Environmental Management System, including this policy and associated objectives and targets are regularly reviewed and effectively implemented.

This policy statement is communicated to all employees and supply chain partners and publicly displayed on our website.
